SECTION-3: SCOPE OF CONSULTANCY SERVICE

The NABET-accredited environmental consultant shall provide comprehensive professional consultancy services on a turnkey basis for obtaining statutory environmental approvals for the proposed new projects/expansion works at the BRIC-inStem campus, including assistance for obtaining a Certified Compliance Report, Preparation of Environment management plan (EMP) , assisting in obtaining Environmental Clearance from SEIAA and Consent for Establishment (Expansion) from KSPCB to enable for construction of new buildings at BRIC-inStem, in compliance of statutory queries and submission of all required documents.

1. Preliminary Study & Site Assessment

- Detailed visit to the BRIC-inStem campus and proposed project locations.
- Study of existing buildings, roads, utilities, laboratories, hostels, drainage systems, parking, and support infrastructure.
- Review of available architectural drawings, master plans, land records, and proposed construction details.
- Collection of existing statutory approvals and environmental records.
- Identification of environmental constraints, nearby sensitive zones, water bodies, roads, and habitations.

2. Regulatory Review & Approval Strategy

- Review applicability under EIA Notification and subsequent amendments.
- Determine category of project and approval requirements.
- Review existing Environmental Clearance, if any
- Review KSPCB approvals such as CFE / CFO / CTO.
- Identify statutory permissions required from:
 - SEIAA / SEAC
 - Karnataka State Pollution Control Board
 - Any other applicable authority

Institute for Stem Cell Science and Regenerative Medicine (BRIC- inStem)

An Autonomous RI of BRIC, Department of Biotechnology, Ministry of Science & Technology, Govt. of India

- Prepare approval roadmap with timelines.

3. Compliance Regularization & Certified Compliance Report (CCR)

- Preparation of updated compliance documentation
- Coordination with Regional Office of Ministry of Environment, Forest and Climate Change
- Support during inspection and closure of observations
- Facilitation of Certified Compliance Report (CCR)

4. Baseline Environmental Studies

The consultant shall carry out / arrange environmental studies and compile required data:

- Ambient Air Quality Monitoring
- Water Quality Testing
- Wastewater characteristics review
- Noise Level Monitoring
- Soil Testing
- Traffic circulation and impact study
- Drainage pattern and storm water review
- Green cover / tree inventory / ecology review
- Existing utility load assessment

5. Environmental Clearance Documentation (SEIAA)

Preparation of all statutory submissions including:

- Form-1 / Form-1A
- Conceptual Plan
- Project Description Note
- Built-up area calculations
- Water requirement calculations
- Power load details

मूल कोशिका विज्ञान एवं पुनर्योजी औषधि संस्थान (ब्रिक-इनस्टेम)

An Autonomous RI of BRIC, Department of Biotechnology, Ministry of Science & Technology, Govt. of India

- Waste generation details
- Pre-Feasibility Report (PFR)
- Terms of Reference (ToR), if required
- Environmental Impact Assessment inputs if required
- Online submission through PARIVESH portal
- Uploading supporting annexures and drawings

6. Environmental Management Plan (EMP)

Preparation of comprehensive EMP covering:

Water Management

- Water balance statement
- Source of water
- Water conservation measures
- Reuse of treated water
- Rainwater harvesting proposals

Wastewater Management

- Existing STP review
- Additional STP requirement, if any
- Treated water reuse network

Solid Waste Management

- Municipal waste handling
- Segregation plan
- Organic waste processing

Biomedical / Laboratory Waste Management

- Biomedical waste handling system

- Laboratory waste management measures

Hazardous Waste Management

- Storage, handling, and disposal plan

Air Pollution Management

- DG set emissions
- Ventilation systems
- Dust suppression during construction

Noise Control

- Acoustic treatment measures
- Construction noise mitigation

Green Initiatives

- Landscaping / green belt development
- Energy conservation measures
- Renewable energy opportunities

Safety Measures

- Occupational health & safety plan
- Emergency response plan

7. End-to-End Application Management

- Online submission through regulatory portals
- Continuous tracking and follow-up

8. KSPCB Consent for Establishment (Expansion) – Query Compliance & Approval Support

मूल कोशिका विज्ञान एवं पुनर्योजी औषधि संस्थान (ब्रिक-इनस्टेम)

ब्रिक, जैव प्रौद्योगिकी विभाग, विज्ञान एवं प्रौद्योगिकी मंत्रालय, भारत सरकार के अधीन एक स्वायत्त अनुसंधान संस्थान

An Autonomous RI of BRIC, Department of Biotechnology, Ministry of Science & Technology, Govt. of India

The consultant shall provide complete support for obtaining KSPCB Consent for Establishment (Expansion Approval) for the already submitted application, including:

- Review of the existing online application submitted to KSPCB.
- Review of queries/clarifications raised by KSPCB.
- Preparation and submission of query compliance documents.
- Preparation of additional annexures, layouts, technical notes, and supporting documents as required.
- Online response submission through the KSPCB portal.
- Follow-up with KSPCB officials until final approval is obtained.
- Submission of any additional clarifications sought by KSPCB during processing.

9. Infrastructure Adequacy Assessment

- Review adequacy of:
 - Water supply system
 - Sewerage network
 - STP capacity
 - Electrical load
 - Parking facilities
 - Internal roads
 - Drainage systems
- The consultant shall recommend augmentation measures wherever required.

10. Liaison & Representation

- Coordination with SEIAA / SEAC authorities.
- Coordination with KSPCB officials.
- Preparation of presentations.
- Attending meetings along with institute representatives.
- Submission of revised documents if sought.
- Regular follow-up till final approval.
